Consultation concerning the proposed new criteria for Nordic Ecolabelling of Installation and maintenance of fixed mats

Criteria proposal for Nordic Ecolabelling of Installation and maintenance of fixed mats are now published on Ecolabelling Norway's web site www.svanemerket.no. Here you will also find the background document.

The documents are developed by Nordic Ecolabelling and Tormod Lien has been the project manager. The environmental parameters for which we have established criteria are the following:

- Quantifying of sedimentary dust (O2)
- Mat cleaning (O3)
- Phtalates in mats (O4)
- Guaranteed period in place (O5)
- Disposal of used/worn mats (O6)
- Quality and regulatory requirements (Training for mat installers and for cleaners, laws and regulations, customer information O7-O14)

We would like to receive your comments to these criteria proposal. Your contact person at Nordic Ecolabelling is Tormod Lien (tl@svanemerket.no). We kindly ask you to send your comments no later than August 12th by mail or e-mail to post@svanemerket.no. If you prefer a hard copy of the documents, please let us know, and we will send you one by mail. A list of the consultation recipients can also be sent upon request.

After the consultation period an overview of the comments will be available at Nordic Ecolabelling.

Best regards,
Ecolabelling Norway
